# NOKIA

**NOKIA HNE32GV310C Smart TV**

## Product Information

- The Smart TV HN32GV310C with 12 Volt Adapter HD is a high-definition television that comes with various features and connectivity options. It has a screen size of 32 inches (80 cm) and a resolution of 1366 x 768 pixels, providing clear and detailed visuals. The TV supports DVB-T/T2, DVB-C, and DVB-S/S2 broadcasting standards, allowing you to access a wide range of channels.
- With built-in Wi-Fi and Bluetooth, the TV enables seamless wireless connectivity. It also has multiple HDMI ports, including an HDMI ARC port for easy audio connection to compatible devices. The TV features a USB 2.0 port, S/PDIF (coaxial/optical) input, VGA input, AV input, headphone output, Ethernet (RJ-45) port, and CI+ slot for conditional access modules.
- The Smart TV HN32GV310C is equipped with Smart OS, providing access to various smart features. It supports HbbTV, Netflix, Apple TV, Media player, and has Chromecast built-in for streaming content from your smartphone or tablet. The TV also offers a smartphone/tablet remote facility for convenient control.
- In terms of audio, the TV delivers immersive sound with its audio power output of 60 watts. It supports Dolby Digital 5.1 and Dolby Digital Plus technologies, ensuring a rich and dynamic audio experience. The TV also features an equalizer/balance option for personalized sound settings.
- With its energy-efficient design, the TV has an energy class rating of E. It operates on an input voltage of 100-240 V ~ 50/60 Hz and has an output voltage of 12 V DC. The maximum power consumption during operation is 65 watts. The TV can be wall-mounted using a VESA mount (not included) or placed on a stand/feet.
- The dimensions of the TV without the stand are 726 mm (width) x 66 mm (depth) x 428 mm (height), and with the stand, the dimensions are 726 mm (width) x 184 mm (depth) x 474 mm (height). The TV weighs approximately 4.80 kg and has an EAN code of 9120106661064.

StreamView GmbH holds the license to use the Nokia trademark on this product.

## Product Usage Instructions

1. Connect the TV to a power source using the provided 12 Volt Adapter.
2. Place the TV on a flat surface or mount it on a wall using a VESA mount (not included).
3. Ensure the TV is within range of your Wi-Fi network for wireless connectivity.
4. To control the TV using a smartphone or tablet, download the appropriate app and follow the instructions for setup.
5. For audio output, connect external devices such as speakers or a sound system to the HDMI ARC port or S/PDIF input.
6. To access smart features and streaming services, navigate through the Smart OS interface using the remote control or smartphone/tablet remote facility.
7. Use the HDMI ports to connect devices like gaming consoles, Blu-ray players, or set-top boxes.
8. Insert USB devices into the USB 2.0 port to play media files.
9. Adjust the equalizer/balance settings to customize the audio output according to your preferences.
10. To switch between different broadcast standards (DVB-T/T2, DVB-C, DVB-S/S2), use the appropriate input source selection on the TV.
